

Hello!

I hope this message finds everyone doing well during this period of self quarantine. We are all bombarded daily with facts and statistics regarding

COVID 19/CoronaVirus. As citizens of our wonderful city, I know that we will keep our close community spirit and continue to help our neighbors and fellow citizens through this trying period.

Dr. Jay Brombach of Baneberry has written a informative guide relating to the Corona Virus. You will notice that his telephone number is in the upper right hand corner. He has graciously volunteered to accept telephone calls, texts, and emails from our citizens who may have concerns relating to COVID 19/Coronavirus. Many thanks to Dr. Brombach for making time to help our community! His email is Brombach@charter.net

We will do our best to stay connected with everyone in our city through our website cityofbaneberry.com, Baneberry Bulletin Facebook page, and as always by phone. City Hall can be reached during their regular hours at (865)674-0124 and I can be reached at (423)231-7321. If you are in need of items that you can not locate at a local store or if you are unable to get out to purchase them, please post your need on the Baneberry Bulletin Facebook page. Several of our citizens have volunteered to help by picking up needed items. With the schools being closed, I have had offers from teenagers to help in anyway they can. We live in a very supportive community!

If you do not live in close proximity to family please make us aware so that we can stay in touch with you and offer assistance if needed. If you have neighbors that do not know about our website or Facebook page, please make them aware of these 2 resources that will allow them to stay connected to the City during this time. If they need assistance connecting to either, call me! Please keep us aware of any concerns. Together we will get through this!

Sincerely,
Donna Hernandez
Mayor
